Parental Release:

Instructors from the Prime for Life Program will offer the students a tour of the Walton County Jail during the program. We feel this gives the students insight into the devastation of drug and alcohol use. The tour of the jail is not a scare tactic; it is a way to show the students the harsh realities of risky behaviors. Statistics show that 85% to 90% of inmates are incarcerated because of drug use.

I understand that by signing this release, I give my child permission to tour the Walton County Jail.
